# PERFECT MATCH

## SAFETY.

Equipped to keep you and your passengers safe, no matter where you travel. Advanced features, such as the optional Lane Keeping Assistant with active side collision protection, reduce the risk of collision. Other features also prevent injuries in a worst-case scenario.

## BMW CONNECTED DRIVE.

BMW ConnectedDrive allows you to expand your office space into your vehicle. This technology package is full of services, apps and Driver Assistance Systems to help you stay connected to the world around.

## SUSTAINABILITY.

The BMW eDrive technology in a Plug-in Hybrid combines three components to the cleanest and most efficient way of driving: an innovative electric drive, a lithium-ion high-performance battery and intelligent energy management.

## BMW EFFICIENT DYNAMICS.

The sustainable, efficient and environmentally responsible strategy includes fuel-efficient engines, Automatic Start/Stop function, improved aerodynamics, Brake Energy Regeneration and much more.
